Rooted in Faith, Growing Together

St Michael's CE Primary

The Grove, Flixton

Urmston

Manchester

M41 6JB

Friday 19th June 2026

A message from Mrs Perry

This week has been a busy week at St Michael's, we have had some lovely events that have brought joy and smiles to everyone. We have had assemblies, sports day and an amazing visit to a university as well as some clubs and finally some sunshine!

The children have been a pleasure as always and the laughter, cheers and kindness has been spotted daily. As I type sports day is in full swing for KS1 and year 6 are practicing their end of year production!

We had an incident this week outside school over parking, there are some people who, for medical reasons, need to come down The Grove but can I ask you that, if you are able, you park on Church Road or on Flixton Carpark, which is free!

We have also had many children struggling with hay fever and insect bites, please can I ask that you give children antihistamine before school to help with this. You are welcome to drop some into the office if you think they may need it.

Have a lovely, sunny, weekend!

Key Dates

22.6.26 RE Day

24.6.26 Year 4 to Flixton Girls

17.7.26 Buddy picnic

22.7.26 Year 6 Leavers Church

24.5.26 End of year Celebration Worship

Next Week

On Monday, we will be having RE day, this half term it is focussed around Art and DT.

On Wednesday Year 4 are going to Flixton Girls for a morning of Athletics before they go swimming.

It looks (on the surface) to be a quiet week but as we know it doesn't work out like that!

Attendance

This week's attendance is **97.4%** with **10** late marks.

That is the equivalent of 28 missed learning days.

Community Event

Our community event will be on Friday 10th July, we will be having a disco with Rev Huw DJing and a quiz! The event will be in the school hall from 6pm to 8.30pm. Tickets will be priced at £10 per family and will be available via parent pay soon. You will be issued a physical ticket that you need to bring with you on the day!

There will be soft drinks and sweets available for you to purchase but you are welcome to bring your own adult drinks if you want to.

We are looking forward to a great event but just a reminder that if you attend your children are your responsibility and staff will not be monitoring them.

Star of the Week

We didn't have worship this week as we have had sports day but all children this week have been stars! They have showed great resilience and courage with assessments and been amazing in sports day too! Well done everyone.

Talk to the children

Every week I am going to share what we have looked at in our Collective Worship and pose a question for you all to talk about at home. This week's question to think about:

What gifts or strengths does each member of your family bring to your team?

Agents of Change

We have had 2 lots of Agent of Change this week and I am very impressed with all of them! The first is the Williams, Heidi and Jackson got involved in The City of Trees volunteering project to combat an invasive species of plant - Himalayan Balsam. They balsam bashing in half term. Heidi was very proud to get the tallest balsam for the Williams family at 180cm. Well done!

Another well done goes to Ollie T in year 3 who spent 6 hours cheering on runners at The Great Manchester Run a few weeks ago (Mr Bates and I ran past so fast we weren't spotted!) Ollie did this to represent and support all the runners who were raising money for a charity called Seashell! Well done Ollie!

Sports Day

Today has been an amazing day, the sun has shone and the children have had an amazing time. There were cheers for children and parents. Thank you for all your support and thank you Mr Bates for organising – it isn't easy following in someone's footsteps when they have been doing it for a long time!

Reception Class Assembly

Yesterday Reception did an amazing job in their class assembly, they were very confident and shared lots of their learning with everyone. They taught everyone about mini beasts and even sang songs and shared some amazing models.

Transition and Reports

Reports will be sent out on Friday 10th July. Transition for Nursery to Year 5 will be on Wednesday 15th July. You will be sent a letter informing you of your child's class teacher(s) in the next few weeks in preparation for transition day.

There is currently work being done in school with children we feel may need additional support with transition.

Science Share

This week Miss Jones and Miss Molloy took some year 5 children to represent school at the Great Science Share at the University. They travelled by train and spent time looking at experiments from lots of places including looking at real life bones from a T-Rex. The children then shared their own experiment! They represented us amazingly, well done everyone!
