The Primary PE Passport enables schools to show:

INTENT	<ul style="list-style-type: none">• That all children can achieve the aims of the national curriculum through a broad, balanced and progressive curriculum• A willingness of staff to adapt plans to meet the needs of individuals and groups- this might mean going back to plans programmed for younger groups to secure knowledge and skills• A commitment from staff to develop children across different domains- physically, cognitively and socially and emotionally• Children how to learn skills and knowledge and apply it.• Delivery through the Principles of Assessment for Learning.• Children experiences of traditional and 'new' sports.• Careful monitoring of the progress of individuals, groups, classes and year groups
IMPLEMENTATION	<ul style="list-style-type: none">• All children receiving 2 hours of high quality Physical Education each week regardless of the weather or other external factors• A commitment that all children are active. Spare kit in each class means no children misses PE• Inclusivity by putting support for children with SEND in line with other subjects and differentiating using STEP.• That children unable to take part are included by involving them in activities related to the lesson e.g. umpiring.• A range of teaching styles and strategies to deliver the curriculum• Children different challenges e.g. 6 v 4 to develop skills, knowledge and behaviours.
IMPACT	<ul style="list-style-type: none">• Children's progress in different domains of learning• Parents the levels of attainment and achievement of their children verbally and/or in writing• How to improve. Specific targets to be set and measured• How to improve. Support and challenge to be provided for learners.• That all children's achievements are valued.

Primary PE Passport Skills and Knowledge Progression©

This document has been produced to assist PE leaders in planning a broad, balanced and progressive curriculum.
The document enables staff delivering PE to see where the children have come from and where they are going next.

- The skills and knowledge taught in the PE Passport are broken down and tracked across the age range from EYFS through to UKS2. NB. If catching is a key skill in EYFS it won't be mentioned in subsequent phases unless the type of catching skill i.e high catching changes.
- Where children cannot access a unit because the level of challenge is too high please use material from previous year groups but don't forget to assess children's prior knowledge before fine tuning the planning.
- Units do not have to last 6/7 weeks. You can extend units to secure deep learning or run units for shorter periods where children are already skilled in that area.
- Key questions and assessment outcomes are highlighted for each unit
